

First Aid Policy 2023

Aims

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

Roles and responsibilities

Appointed person(s) and first aiders

The school's appointed person(s) is Graham Lobb. Working with Miss Williams and Mrs Copley, they are responsible for:

- Taking charge when someone is injured or becomes ill
- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- Ensuring that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident (see the template in appendix 2)
- Keeping their contact details up to date

Our school's appointed person and/or first aiders are listed in appendix 1. Their names are displayed around the school.

The local authority and governing board

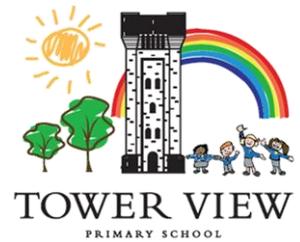

Staffordshire County Council has ultimate responsibility for health and safety matters in the school, but delegates responsibility for the strategic management of such matters to the school's governing board.

The governing board delegates operational matters and day-to-day tasks to the headteacher and staff members.

The headteacher

The headteacher is responsible for the implementation of this policy, including:

- Ensuring that an appropriate number of [appointed persons and/or trained first aid personnel] are present in the school at all times

- If applicable, add: Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- Ensuring all staff are aware of first aid procedures
- Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- Ensuring that adequate space is available for catering to the medical needs of pupils
- Reporting specified incidents to the HSE when necessary (see section 6)

Staff

School staff are responsible for:

- Ensuring they follow first aid procedures
- Ensuring they know who the first aiders and/or appointed person(s) in school are
- Completing accident reports (see appendix 2) for all incidents they attend to where a [first aider/appointed person] is not called
- Informing the headteacher or their manager of any specific health conditions or first aid needs

First aid procedures

In-school procedures

Most injuries in school are minor and require only the attention of a first aider. On rare occasions, these are more serious.

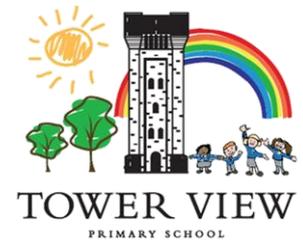

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and provide first aid. They will then fill in 'Medical Event' on Arbor to keep a record for school and inform the parent.
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents.

In the large majority of cases, this will be all that is required.

If the accident is more serious:

- The first aider will decide if further assistance is needed from a colleague or the emergency services. They will remain on the scene until help arrives.
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents

- If emergency services are called, parents will be contacted immediately
- The first aider will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury.

In all incidents involving a head injury, parents will always be contacted by telephone.

There will be at least 1 person who has a current paediatric first aid (PFA) certificate on the premises at all times.

Off-site procedures

When taking pupils off the school premises or for outdoor learning, staff will ensure they always have the following:

- A mobile phone (off-site only)
- A portable first aid kit (BumBag) including, at minimum:
 - A leaflet giving general advice on first aid
 - 2 individually wrapped sterile adhesive dressings
 - 1 large sterile unmedicated dressing
 - 10 plasters of various sizes
 - 1 triangular bandage
 - Individually wrapped moist cleansing wipes
 - 2 pairs of disposable gloves
 - Sick bags
- Information about the specific medical needs of pupils (off-site only)
- Parents' contact details (off-site only)

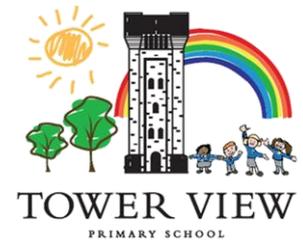

Risk assessments will be completed by the class teachers prior to any educational visit that necessitates taking pupils off school premises.

There will always be at least 1 first aider with a current paediatric first aid (PFA) certificate on school trips and visits, as required by the statutory framework for the Early Years Foundation Stage.

First aid equipment

A typical first aid kit in our school will include the following:

- A leaflet giving general advice on first aid
- 10 individually wrapped sterile adhesive dressings (assorted sizes)
- 2 sterile eye pads
- 2 individually wrapped triangular bandages
- 10 individually wrapped sterile unmedicated wound dressings (assorted sizes)
- 2 pairs of disposable gloves and 2 aprons
- Micropore tape
- Cleansing wipes
- 2 sick bags

No medication is kept in first aid kits.

First aid kits are stored in:

- All classrooms
- Reception lobby
- Year 2 lobby
- Main Reception lobby
- OOSC

Portable First Aid Kits (BumBags) are stored:

- Reception class
- 1PM cupboard
- Y2 lobby cupboard (x6)

There are defibrillators in the main school reception and the KS1 DHT offices, as well as on the main school gates on Vancouver Drive for community use.

Record-keeping and reporting

First aid and accident record book

- A Medical Event form on Arbor will be completed by the first aider or a member of office team on the same day or as soon as possible after an incident resulting in an injury
- Records held in the first aid and accident book will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of.

Reporting to the HSE

The headteacher will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The headteacher will report these to the HSE as soon as is reasonably practicable and in any event within 10 days of the incident – except where indicated below. Fatal and major injuries and dangerous occurrences will be reported without delay (i.e. by telephone) and followed up in writing within 10 days.

School staff: reportable injuries, diseases or dangerous occurrences

These include:

- Death
- Specified injuries, which are:
 - Fractures, other than to fingers, thumbs and toes
 - Amputations
 - Any injury likely to lead to permanent loss of sight or reduction in sight
 - Any crush injury to the head or torso causing damage to the brain or internal organs
 - Serious burns (including scalding) which:

- Covers more than 10% of the whole body's total surface area;
or
- Causes significant damage to the eyes, respiratory system or other vital organs
- Any scalping requiring hospital treatment
- Any loss of consciousness caused by head injury or asphyxia
- Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours
- Work-related injuries that lead to an employee being away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident). In this case, the headteacher will report these to the HSE as soon as reasonably practicable and in any event within 15 days of the accident
- Occupational diseases where a doctor has made a written diagnosis that the disease is linked to occupational exposure. These include:
 - Carpal tunnel syndrome
 - Severe cramp of the hand or forearm
 - Occupational dermatitis, e.g. from exposure to strong acids or alkalis, including domestic bleach
 - Hand-arm vibration syndrome
 - Occupational asthma, e.g. from wood dust
 - Tendonitis or tenosynovitis of the hand or forearm
 - Any occupational cancer
 - Any disease attributed to an occupational exposure to a biological agent
- Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
 - The collapse or failure of load-bearing parts of lifts and lifting equipment
 - The accidental release of a biological agent likely to cause severe human illness
 - The accidental release or escape of any substance that may cause a serious injury or damage to health
 - An electrical short circuit or overload causing a fire or explosion

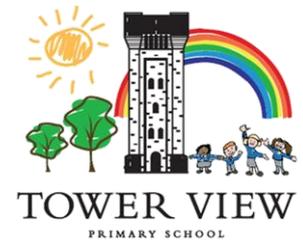

Pupils and other people who are not at work (e.g. visitors): reportable injuries, diseases or dangerous occurrences

These include:

- Death of a person that arose from, or was in connection with, a work activity*
- An injury that arose from, or was in connection with, a work activity* and the person is taken directly from the scene of the accident to hospital for treatment

*An accident "arises out of" or is "connected with a work activity" if it was caused by:

- A failure in the way a work activity was organised (e.g. inadequate supervision of a field trip)
- The way equipment or substances were used (e.g. lifts, machinery, experiments etc); and/or
- The condition of the premises (e.g. poorly maintained or slippery floors)

Information on how to make a RIDDOR report is available here:

[How to make a RIDDOR report, HSE](#)

Reporting to Ofsted and child protection agencies (early years only)

The headteacher will notify Ofsted of any serious accident, illness or injury to, or death of, a pupil while in the school's care. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.

The headteacher will also notify Staffordshire Childrens Advice and Support Team (0300 111 8007)] of any serious accident or injury to, or the death of, a pupil while in the school's care.

Training

All school staff are able to undertake first aid training if they would like to.

- All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until (see appendix 3).
- The school will arrange for first aiders to retrain before their first aid certificates expire. In cases where a certificate expires, the school will arrange for staff to retake the full first aid course before being reinstated as a first aider.
- At all times, at least 1 staff member will have a current paediatric first aid (PFA) certificate which meets the requirements set out in the Early Years Foundation Stage statutory framework. The PFA certificate will be renewed every 3 years.

Monitoring arrangements

This policy will be reviewed by the headteacher every year.

At every review, the policy will be approved by the Premises Committee of the Governing Body.

Links with other policies

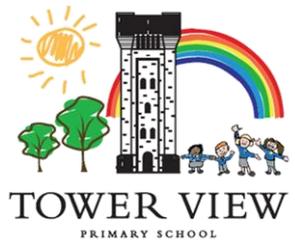

This first aid policy is linked to the:

- Health and safety policy
- Risk assessment policy
- Medical Needs Medical Conditions Policy

List any other related policies that your school has here, if applicable.

Legislation and guidance

This policy is based on the [Statutory Framework for the Early Years Foundation Stage](#), advice from the Department for Education on [first aid in schools](#) and [health and safety in schools](#), guidance from the Health and Safety Executive (HSE) on [incident reporting in schools](#), and the following legislation:

- [The Health and Safety \(First-Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The School Premises \(England\) Regulations 2012](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils
