Dear Parents and Carers,

I hope this letter finds you well. I am writing to inform you of a serious matter concerning the sharing of inappropriate videos among some students. It has come to our attention that certain individuals may be sharing content that is not only inappropriate but also illegal.

In light of these developments, we have taken the precautionary step of informing the local police. They are now aware of the situation and are prepared to take necessary actions if required. It is imperative that we, as a school community, work together to protect our children and ensure they understand the gravity of these actions.

I kindly ask you to engage with your child regarding this issue. It is essential for them to comprehend that sharing inappropriate material is a criminal offence and can have severe consequences both legally and personally. Encouraging open discussions will promote awareness and understanding, helping your child to make safer choices in their online interactions.

Please monitor the content your children are accessing and sharing on their devices. Furthermore, I recommend reviewing with them the privacy settings on their social media accounts and reminding them to be cautious about the information they share online.

Should you have any concerns or require support in discussing this matter with your child, please do not hesitate to reach out to our family support worker. We are here to assist you and ensure that our school remains a safe environment for all.

Thank you for your attention to this important issue. By working together, we can help to safeguard our children and support their development in a responsible and secure manner.

Yours sincerely,
