

Sports Premium (September 2018 – July 2019)

Back ground of the funding

In April 2013 the Government announced new funding of 150 million for Physical Education (PE) and Sport often referred to as a Sport Premium. This funding was used to improve the quality and breadth of PE and Sport provision. We are committed to using this resource in developing our PE curriculum, our participation in competitive sports and games, and investing in our pupils' lifelong health.

When asked about the 'Sport Premium' at its launch, Lord Coe reflected: *When I stood up in Singapore in 2005, I spoke of London's vision to connect young people with the inspirational power of the Games so they are inspired to choose sport. By focusing on primary schools, we have the opportunity to use sport and physical activity to shape the daily lives of young people. I know from my own experience what an impact teachers and their engagement can have on the lives of young people.* (Lord Coe)

Our aims for the use of Sports Funding:

- To improve the quality of teaching in Sports and PE.
- To increase fitness levels for all pupils.
- To increase skill levels in PE.
- To enable pupils to have the opportunity to try a range of sports and sporting activities in order to stimulate their interest and enthusiasm in PE and fitness.
- To increase an aware of mental health and well-being for all pupils.
- To ensure all children leaving primary school can swim competently.

Funding for last year was **£19800**. This money was used to support our vision and high aspirations for sports.
