## The School's Curriculum

- We have developed a curriculum which helps all children to succeed in their academic and personal development.
- The school's outstanding curriculum provides memorable and rich experiences which enable high-quality learning whilst addressing children's personal development and well-being.
- The curriculum is enriched by first-hand experiences, including visits locally and further afield, a flexible timetable, contributions from adults with knowledge and skills that could enhance pupils' learning, and an extensive range of extra-curricular activities.
- Children are given lots of opportunities to ask questions and explore what interests them. This is undertaken through a thematic and relevant approach that has a strong element of high quality literature from a wide range of significant and engaging novels.
- Our Curriculum is based on the overarching ethos set out in the vision and specifically focused on establishing, enabling and enhancing the following KEY SKILLS in every subject area:

**Aspiration:** desire or ambition of achieving something

**Independent:** capable of thinking or acting for oneself

**Motivated:** to have interest in or enthusiasm for everything

&

**A Good Communicator:** the ability to convey or exchange information, news, or ideas, especially one who is eloquent or skilled.

**Creative:** the ability to use imagination or original ideas to create

**Confident:** having confidence in oneself or one's abilities or qualities.

**Resilient:** the ability to withstand or recover quickly from difficult situations.

**Understanding the importance of a healthy and safe lifestyle:** the ability to choose sensible options given the relevant information.

**Enquire, question and be open-minded:** the willingness to consider new ideas; unprejudiced.
